Eligibility

This permitted development right was amended on 1 August 2021 to no longer include changes of use to those previously classified as 'assembly and leisure' that are not now included in Use Class E (commercial/business/service).

If your proposed change of use is to a Hotel, Storage and Distribution, or Use Class E (e.g. shops; financial/professional services; restaurants and cafes; offices; business; indoor sport, recreation, or fitness) then this type of application is still valid for eligible proposals.

If your proposed change of use is to a Local Community or Sui Generis use previously classified as 'assembly and leisure' (e.g. cinemas; concert halls; bingo halls; or dance halls) then:

- You should not continue with this application after the end of July 2022 as it will be refused by the Local Authority and you may not be eligible for a refund.
- This is no longer considered to be permitted development. Proposals remained eligible if applications of this type were submitted before the end of July 2022, but after that point an application for 'Full planning permission' will be required.

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Was the use of the site on 3 July 2012 (or the last use before that date) solely for an agricultural use as part of an established agricultural unit?

- Yes
 No

Will the total combined floor space in the building(s) (previously and in this proposal) changed to a flexible use under this permitted development right exceed 150 square metres?

- Yes
 No

Will the total combined floor space in the building(s) (previously and in this proposal) changed to a flexible use under this permitted development right exceed 500 square metres?

- Yes
 No

Is any part of the land, site or building:

- in a safety hazard area;
- in a military explosives storage area;
- a scheduled monument (or the site contains one)
- a listed building (or within the curtilage of a listed building)

- Yes
 No

Description of Proposed Works, Impacts and Risks

Please describe the proposed development:

Conversion of Existing Hay Shed to Commercial/Light Industrial Workshop/Storage

Please provide details of any transport and highways impacts and how these will be mitigated:

We foresee no impact locally in terms of transport and highways. No additional new access to the site is required, and parking is plentiful.

Please provide details of any noise impacts and how these will be mitigated:

Any potential commercial tenant will be required to identify any potential noise impacts and a management plan put into place. The existing commercial units on site are small family-run concerns that operate solely within working hours on weekdays and there has been no noise impact throughout operation.

Please provide details of any contamination risks and how these will be mitigated:

Any potential commercial tenant will be required to identify any potential contamination risk and a management plan put into place.

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online.](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

The site is in flood zone 1. The existing hay/straw shed has had rainwater management in place for 20 years plus with no issues.
