

Internal Door Elevation/ Section  
40mm thick pine timber door to  
receive paint finish

Window Elevation House - Timber  
painted to match existing

**General.**  
This survey has been prepared with a scaling accuracy for a plot at a scale of 1:100.  
All critical measurements should be checked on site prior to design. No liability will be taken for this plan if passed onto 3rd parties. Trees and other survey data may be omitted due to dense vegetation. Some services may have been omitted due to parked vehicles and vegetation. Please note the drainage information has been ascertained by visual inspection from the surface and therefore values are estimated.  
The surveyor will not be responsible for omission of details obscured during site survey. RICS professional guidance 3rd edition rule 1.19 applies to this survey.

**Notes.**  
Levels are related to OS National Grid by GPS
