

South East Elevation

Extension is of shuttered concrete and or breezeblock construction.

North East Elevation

Concrete render has been removed to reveal original stonework in an effort to rectify a serious damp issue with the substructure.

Elevation illustrating partial demolition of Lean to extension (deemed a dangerous structure)
Elevation revealing aperture into Farmhouse

South West Elevation

Elevation illustrating removed section of lean to building. Illustrated as a sectional elevation.

North West Elevation

USE FIGURED DIMENSIONS ONLY

ALL DIMENSIONS TO BE CHECKED ON SITE

DATE	BY	DESCRIPTION
		Existing Drawing resubmitted after site visit from Planning and Conservation Officers requested updated drawing to show partially taken down lean to extension and installed roof lights.
