Hants.

Dear Sir,

**Re: Proposed Two Storey Addition at Bridleside,Ripley**

With regards to the above, I attach in this planning portal resubmission. :

- Proposed Site plan
- Location Plan
- Existing Elevations and Floor Layouts
- Proposed Elevations and Floor Layouts

The scheme seeks to provide a more prominent entrance arrangement for the existing house with a new larger First Floor Bathroom to the First Floor. All using the existing house external materials (Slate and Brick) and dormer roof details to enable the new addition to complement the existing house but remain subordinate to its height and mass.

Should you require any further information or wish to discuss any element of this proposal, please do not hesitate to contact me.

Yours sincerely,

**I.M. Kendall**  
**Agent**
