Details of the pre-application advice received

The principle of extending the property with some much smaller dormer windows could be supported, however, the proposal in its current form is not considered acceptable and would not likely be supported. The dormer windows are too large in size, and out of character with the area. It is acknowledged that there is one other dwelling along The Strand that has dormer windows, however, that dwelling has dormers that are much smaller and far more subservient than the proposed and is a significant distance from the host dwelling, at 17 properties away towards the north, therefore, does not read as the direct character surrounding the host dwelling. It is also acknowledged that the applicant states that the dormers are crucial to the viability of the scheme, however, there are no public benefits to outweigh the harm the proposal would cause to the character of the area, and is therefore not supported.

In addition to this, the flat roof link element is advised to be lowered slightly so that the roof sits under the eaves of the host dwelling, in its current form it would not be supported. And it is also advised that the front gable end is amended and remains as a hipped roof, as this contributes to the character of the area, having majority dwellings along The Strand as small hipped roof bungalows. On this basis, the proposal is considered contrary to Policies CN01, CR02 and HS33 of the Babergh Local Plan, as well as Policy CS15 of the Babergh Core Strategy. It is advised that the applicant reduces the size of the proposed dormer windows significantly.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
