

Description of Proposed Works

Section 1:

Large lime tree. Dead branches need removing and the tree is over hanging our residential coach house which has someone living inside. We propose to pollard this tree to 10-15 m.

Section 2:

Consists of 3 Cheery trees. We wish to pleach these trees

Section 3:

2 Dead trees, 1 holly tree and another tree which is causing the grade 2 listed wrought iron railings to lean over. We need to remove these trees to protect the structural integrity of the railings.

Section 4:

Large tree over hanging residential property. We propose to pollard to 10-15m

Section 5:

2 No. dead trees require removal
