

Assessments should be proportionate to the size of the site and the nature of the proposals. If your ecologist considers the impacts on ecology are negligible, they should provide justification with clear photographs to explain why. This must include an explanation of how all potential impacts on biodiversity will be avoided and/or why protected and Priority species are not an issue on your site. If the ecological information received does not provide certainty of likely impacts, the application may be refused.

SITE DETAILS AND DECLARATION

Site Address:

..... THE BAKERY, THE STREET, HIGH LODDING
