## Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

**Being a use, building works or activity which is still going on at the date of this application.**

## Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

Retention of the existing rear conservatory constructed in Jan/Feb 2011 .Previous owner was unaware the existing permitted development rights had been removed.

## Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

- The use began more than 10 years before the date of this application
- The use, building works or activity in breach of condition began more than 10 years before the date of this application
- The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
- The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
- The use as a single dwelling house began more than four years before the date of this application
- Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

- Yes
- No

Please state why a Lawful Development Certificate should be granted

The rear conservatory has been constructed over 10 years from the date of this application. We also believe it was constructed within the original boundary of the property and not on the adjacent farmers field. The Land registry plan has never been updated to reflect the new buildings for which the original planning permission ref no. 08/00234/FUL was approved. The os plan submitted under the approved planning application in 2008 was also incorrect in relation to the boundary. The new location plan shows the boundary position. The land registry plan will be updated as soon as possible to include the conservatory within the curtilage of the property.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
