 No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Walls

Existing materials and finishes:

Shed - The shed has black painted wooden walls, in keeping with local tradition

Proposed materials and finishes:

Workshop A & B - All visible walls will be finished in either a timber or rendered. The finish will be dependant upon the costs of the materials at the time of completion and whether or not additional insulative materials need to be used. The use of timber would be in keeping with the aesthetic of similar buildings in the local area, the use of render would give a similar aesthetic to local properties, including our own. The walls that are not visible will be clad in a metal sheeting for longevity and to keep costs down.

Type:

Roof

Existing materials and finishes:

Shed - The roof is finished in felt shingles, red in colour to remain in keeping with local aesthetic.

Proposed materials and finishes:

Workshop A&B - Roof tiles will be used in a red finish to remain in keeping with the local aesthetic should a black wooden finish be used. Should a render or natural wooden finish be used then a grey tile would be used.
