Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This extension will have an impact on the privacy of my house and other houses in the neighbourhood.

In addition, my view of the Blorenges will be restricted which will severely contribute to my home losing value.

The front garden of my home will also lose any privacy as my garden will be directly in front of this building.

Furthermore, the neighbours in number 9 will be impacted significantly by this extension as it will block the sunlight in their conservatory which adjoins to this property.
