Skipton  
BD23 1FJ

Dear Joanne

**Provision of a compost toilet with disabled facilities and a field shelter.  
Holme Field, Eastby**

Thank you for your letter of 18 November.

As requested by you I enclose:

1. A site location plan with location of the shelter and toilet marked.
2. A site plan showing boundary details. I am struggling to do this at the scales requested. This is a 3.4 acre field. Nothing is proposed which would affect in any way the boundaries, trees, hedges or any other existing feature.
3. I have not included site sections. There is no intention to change any ground levels.
4. Plans and elevations of the proposed buildings at a scale of 1:100

I also enclose a Heritage Statement, a Sustainable Design and Construction Statement and a copy of Notice 1.

Kind regards,

John Midgley
