FAQ's

OVERVIEW

Experience effortless operation, fantastic looks and easy installation with Vufold Supreme Aluminium bifold doors. Our ready to assemble door sets give you years of trouble free operation all backed up with our 15 year guarantee.

SECURITY

We take security very seriously, that's why every Supreme 1.8m bifold door comes with a twin point lock and 3 star security cylinder.

SLIM SIGHTLINES

With our slimmest aluminium bifold door sightlines to date (120mm), Supreme doors give you more light and less interrupted views.

LOW THRESHOLD

A unique one-piece low weatherproof threshold for seamless transition between inside and outside.

READY TO ASSEMBLE

Unlike some others, our Supreme aluminium bifolds are only supplied as a complete package. In other words, they come with everything you need pre-machined, pre-glazed and ready-to-assemble. You might find similar looking, cheaper door sets but they don't include all the items you need - whereas our Ready to Assemble Sets offer you many advantages

Comprehensive, easy-to-follow fitting instructions.

Doors and frames clearly labelled for easy identification.

Pre-glazed, toe and heeled in our factory, meaning an experienced fitter is not required.

THE **VUFOLD** DIFFERENCE IS IN THE DETAIL

Our aim has always been to create fantastic products we'd want in our own homes, we then add great customer service to look after you before, during and after your purchase.

I can honestly say I'm extremely impressed with everythin
quality of the doors and the instructions. I would l
