Details of the pre-application advice received

The pre-application advice (dated 25 July 2022) confirmed that the proposal was acceptable in principle under Policy SS 2.

The letter also confirmed that a Conservation & Design Officer was consulted due to the site being located in the Conservation Area and there were no Conservation objections to the proposal. The materials were considered acceptable and the only reservation was the proposed asymmetric roof. We have therefore changed the roof design to incorporate a symmetrical duo-pitch roof to give a more balanced gable.

The proposal was also considered to be acceptable in terms of Residential Amenity and Highways (there are no proposed Highway changes).

Finally, the letter provided an informal opinion that if submitted as a planning application the proposal would be supported by officers.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

No
