Although Paragraph 150 of the NPPF allows for the re-use of buildings within the Green Belt, this is provided that the building is of permanent and substantial construction and preserves the openness of the Green Belt. On this basis, with any further planning submission a structural survey will be required. Consideration should also be given to the proposed residential boundaries of the proposed property as to preserve the openness of the Green Belt. Further information / plans/ surveys are also required in terms of ecological matters, trees and drainage as outlined above.
