If you have received this drawing electronically it may not be to the correct scale when printed.

Exeter Architectural Services prepare drawings either from the information gained by us from a simple tape survey or from information provided to us by the client and will not be held responsible for the accuracy of the information provided. In most cases, the drawings will contain enough detail to be sufficient for planning application purposes only and should not be used as a basis for construction.

Exeter Architectural Services cannot accept any liability for any subsequent issues with the property if the drawings are used for anything other than planning purposes.
