Dear Mr Cooper,
Thank you for your email and attachments. I have reviewed the documents submitted and have accepted the new information regarding the dropped curb. However I have noticed that you appear to have labelled all of the elevations as front. Please could you name each elevation accordingly i.e. front, rear, side etc. This will help to avoid confusion and possible delays when the application reaches the planner.

I hope the above points make sense, and if you have any questions feel free to contact me.

Kind Regards,

Good Afternoon Luke,

I hope this email finds you well,

We have filled out a full application on the planning portal as requested. This includes an amended drawing A400-11 which shows the location and width of the proposed drop curb.

The only issue remaining is that the planning portal does not seem to have an option for a custom / altered payment and therefore we are currently unable to submit.

How would you like us to arrange payment of the outstanding £28.00 for a full application?

Your assistance would be very appreciated,

Kind regards,

Aiden Cooper
