"In summary, it is the informal opinion of the officer that the principle of the conversion of the building to a dwelling is generally considered acceptable, however as detailed above, there are concerns with the current scale and design of the proposed extensions to the building. You will appreciate that at this stage advice can be offered on an informal basis only, and should not be taken to represent a formal determination by the Local Planning Authority nor does it cover Building Regulations. Any subsequent application would be considered in the light of Development Plan policies, all material considerations including Government advice, technical advice and public comment. In addition, if an application is submitted, issues not addressed in this response may be considered relevant. Nevertheless, I hope this letter is helpful to you."
