Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Top window on northerly facing wall has no lip on the lintel and has not been sealed correctly. This has led to rainwater ingress and wood frames has rotted. Proposal is to replace and add lip to the lintel above the window to ensure rainwater drips away from window and does not enter. Window is also a different colour from rest of property, so proposal is to replace with dark hardwood to match remainder and enhance character of property.

You would need listed building consent to set the windows back as this will alter the character of the building, if they are not being set back to far, I don't see there being an issue with getting consent as you have a valid reason for the change but you might want to try repairing as resealing the windows first to see if that stops the problem as that would not require consent.

If you need to replace any windows rather than repair them this again will need consent even if it is like for like.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
