Dear Sirs

Extension to Bockenforde, High Street, Walkeringham DN10 4HR

I can confirm that the single storey structure, a carport in essence but more legally described as a garage I believe, built to the South of the 2-storey extension at the above property has been in existence for considerably more than 4 years. Whilst I cannot be certain of the exact date of construction I would attest to it having been there since around 2014.

Should you require any further information or clarification, please do not hesitate to contact me.

Yours faithfully
