## Description of Proposed Works

Please describe the proposed works

We have a side garden that is part of the property but it's not accessible from the main back garden. This side garden runs down the right of the house but is separated from the main garden by a brick wall. It is currently surrounded by a small metal fence, but never gets used because it's not private and overlooked by the public. We would like to replace the metal fence with a standard 6ft wooden fence. This would allow us to remove the wall separating the two gardens and create one usable private space. The new fence would provide privacy [REDACTED] [REDACTED] without being overlooked by strangers/public, plus provide better security to the side of the property. There are many examples around the neighbourhood, of houses that have a 6ft wall or fence on the side of the house in the same way we are requesting in this planning permission.

It is an important principle of decision-making that the process is open and transparent.
