Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We considered that the certificate should be granted as noted below;

The proposed extension will improve the functionality and comfort of its occupants.
The proposal is not visible from the street and therefore, will have no impact on the street scene.
The materials proposed are in keeping with what is existing.
The enlarged part of the dwelling would be single storey and would not extend 3m beyond the rear wall of the original detached dwelling.
The pitched flat roof eaves height does not exceed 3 metres in height towards the side boundary as it is within 2 metres of the boundary of the curtilage.
The extension to the other side does not exceed beyond the height of the existing roof and is more than 2 metres away from the boundary.
The proposals do not exceed the 30% rule for additional floor area.
