PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND)
ORDER 2015

Correspondence Address:

Mr J Platt
Locus Planning Ltd
11 Charing Cross
Norwich
NR2 4AX
Norfolk

Applicant:

Wolsey House Motors
Wolsey House Motors, Millway Lane
Worham
Diss
IP22 1SL

Date Application Received: 10-Aug-20

Application Reference: DC/20/03389

Date Registered: 21-Sep-20

Proposal & Location of Development:

Planning Application. Change of use, conversion and extension of existing building to form 1no dwelling

Wolsey House Motors, Wolsey House, Millway Lane, Worham IP22 1SL

Section A – Plans & Documents:

This decision refers to drawing no./entitled Dwg no: TL-4395-20-1 at 1:1250 received 10/08/2020 as the defined red line plan with the site shown edged red. Any other drawing showing land edged red whether as part of another document or as a separate plan/drawing has not been accepted or treated as the defined application site for the purposes of this decision.

The plans and documents recorded below are those upon which this decision has been reached:

Defined Red Line Plan Dwg no: TL-4395-20-1 at 1:1250 - Received 10/08/2020

Application Form - Received 10/08/2020

Plans - Existing - Received 10/08/2020

Plans - Proposed - Received 10/08/2020

Block Plan - Proposed TL-4395-20-1 - Received 10/08/2020

Land Contamination Questionnaire - Received 10/08/2020

Land Contamination Assessment - Received 21/09/2020

Planning Statement - Received 10/08/2020

Ecological Survey/Report - Received 21/09/2020

Land Contamination Assessment - Received 09/11/2020

Section B:

Mid Suffolk District Council as Local Planning Authority, hereby give notice that **PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans listed in section A subject to the following conditions:

1. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE: COMMENCEMENT TIME LIMIT

The development hereby permitted shall be begun not later than the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004

2. APPROVED PLANS & DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed under Section A above and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard. Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved under Section A, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Reason - For the avoidance of doubt and in the interests of proper phased planning of the development.

3. ONGOING REQUIREMENT FOR DEVELOPMENT: REFUSE BINS AND COLLECTION AREAS

Before the development is occupied details of the areas to be provided for storage and presentation of Refuse/Recycling bins shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be carried out in its entirety before the development is brought into use and shall be retained thereafter for no other purpose.

Reason: To ensure that refuse recycling bins are not stored on the highway causing obstruction and dangers for other users.

4. ONGOING REQUIREMENT FOR DEVELOPMENT: SECURE CYCLE STORAGE

Before the development is occupied details of the areas to be provided for secure cycle storage shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be carried out in its entirety before the development is brought into use and shall be retained thereafter and used for no other purpose.

Reason: To promote the use of sustainable travelling alternatives.

5. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT - HIGHWAYS: PROVISION OF PARKING AND TURNING.

The use shall not commence until the area(s) within the site shown on Drawing No. TL-4395-20-1 for the purposes of manoeuvring and parking of vehicles has been provided in its entirety before the development is brought into first use/occupied and shall be retained thereafter and remain free of obstruction except for the purpose of manoeuvring and parking of vehicles and used for no other purpose.

Reason - To ensure that sufficient space for the on-site parking of vehicles is provided and maintained in order to ensure the provision of adequate on-site space for the parking and manoeuvring of vehicles where on-street parking and manoeuvring would be detrimental to highway safety to users of the highway. This condition is required to be implemented prior to the commencement of any other part of the approved development to ensure highway safety is secured early for the development. If agreement was sought at any later stage there is an unacceptable risk to highway and public safety should proper layout not be achieved.

6. ACTION REQUIRED IN ACCORDANCE WITH ECOLOGICAL APPRAISAL RECOMMENDATIONS

All mitigation and enhancement measures and/or works shall be carried out in accordance with the details contained in Preliminary Ecological Appraisal (Greenlight, September 2020) as already submitted with the planning application and agreed in principle with the local planning authority prior to determination.

This may include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW,) to provide on-site ecological expertise during construction. The appointed person shall undertake all activities, and works shall be carried out, in accordance with the approved details.

Reason: To conserve Protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 and s17 Crime & Disorder Act 1998.

7. ACTION REQUIRED PRIOR TO SLAB LEVEL: BIODIVERSITY ENHANCEMENT LAYOUT

Prior to development above slab level, a Biodiversity Enhancement Layout for Protected and Priority species shall be submitted to and approved in writing by the local planning authority, following the details contained within Preliminary Ecological Appraisal (Greenlight, September 2020).

The content of the Biodiversity Enhancement Layout shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;
- b) detailed designs to achieve stated objectives;
- c) locations of proposed enhancement measures by appropriate maps and plans;
- d) persons responsible for implementing the enhancement measures;
- e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details and shall be retained in that manner thereafter.

Reason: To enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

8. ACTION REQUIRED PRIOR TO OCCUPATION: WILDLIFE SENSITIVE LIGHTING DESIGN SCHEME

Prior to occupation, a lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory. All external lighting shall be installed prior to occupation in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

9. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT - PRE COMMENCEMENT CONDITION: CONTAMINATION

No development shall take place until;

(i) A strategy for investigating any contamination present on site has been submitted for approval, in writing, by the Local Planning Authority. Development on site, including demolition, may be carried out in order to fully investigate contamination prior to the submission of said strategy subject to agreement, in writing, by the Local Planning Authority and all other pre commencement conditions being agreed by the Local Planning Authority first.

(ii) Following approval of the strategy, an investigation shall be carried out in accordance with the strategy and timescales as may be agreed.

Reason - To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off site receptors. This condition is required to be agreed prior to the commencement of any development to ensure health and safety is secured early for both development and its construction including the health of all workers during all phases of construction. If agreement was sought at any later stage there is an unacceptable risk to health and safety.

10. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT - CONTAMINATION REPORT

(iii) Prior to the commencement of development, a written report shall be submitted detailing the findings of the contamination investigation as approved, and an assessment of the risk posed to receptors by the contamination, for approval, in writing, by the Local Planning Authority. Subject to the risk assessment, the report shall include a Remediation

Scheme and timetable of the scheme for agreement in writing by the Local Planning Authority if the authority considers it is required.

(iv) Any remediation work as may be agreed shall be carried out in its entirety in accordance with the approved Remediation Scheme and its timetable. Following remediation, evidence shall be provided to the Local Planning Authority verifying that remediation has been carried out in accordance with the approved Remediation scheme prior to the first use/occupation of the development.

In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with the requirements of this condition and where remediation is necessary a remediation scheme must be prepared in accordance with the requirements of this condition, which is subject to the approval in writing of the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with this condition.

Reason - To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off site receptors.

11. **ACTION REQUIRED PRIOR TO SLAB LEVEL: LANDSCAPING SCHEME**

No development above slab level shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard, soft and boundary treatment landscaping works for the site, which shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained.

Reason - In the interests of visual amenity and the character and appearance of the area.

12. **ONGOING REQUIREMENT OF DEVELOPMENT: TIMESCALE FOR LANDSCAPING**

All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details as per Condition 11 of this permission, shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use or first occupation of the development.

Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 5 years of being planted or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and species.

Reason - To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

13. **SPECIFIC RESTRICTION ON DEVELOPMENT: OCCUPATION RESTRICTION**

The occupation of the dwelling approved by this permission shall be limited to a person solely or mainly working or last working in connection with Wolsey House Motors, unless previously agreed in writing by the Local Planning Authority.

Reason - The site of the permission is outside any area where planning permission would normally be forthcoming for residential development were it not for the special circumstances as set out in the application with consideration of the development plan and NPPF.

SUMMARY OF POLICIES WHICH ARE RELEVANT TO THE DECISION:

GP01 - Design and layout of development
H09 - Conversion of rural buildings to dwellings
H16 - Protecting existing residential amenity
CL08 - Protecting wildlife habitats
T09 - Parking Standards
T10 - Highway Considerations in Development
CS01 - Settlement Hierarchy
CS02 - Development in the Countryside & Countryside Villages
CS05 - Mid Suffolk's Environment
FC01 - Presumption In Favour Of Sustainable Development
FC01_1 - Mid Suffolk Approach To Delivering Sustainable Development
NPPF - National Planning Policy Framework

NOTES:

1. **Statement of positive and proactive working in line with the National Planning Policy Framework (NPPF)**

The proposal has been assessed with regard to adopted development plan policies, the National Planning Policy Framework and all other material considerations. The NPPF encourages a positive and proactive approach to decision taking, delivery of sustainable development, achievement of high quality development and working proactively to secure developments that improve the economic, social and environmental conditions of the area. In this case the applicant took advantage of the Council's pre-application service prior to making the application. The opportunity to discuss a proposal prior to making an application allows potential issues to be raised and addressed pro-actively at an early stage, potentially allowing the Council to make a favourable determination for a greater proportion of applications than if no such service was available.

2. Environmental Health at the District Councils should be contacted in the event of unexpected ground conditions / contamination being encountered during construction. The developer should be aware that the responsibility for the safe development of the site lies with them at all times.

3. **Highways Note**

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority. Any conditions which

involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by the County Council or its agents at the applicant's expense. The County Council's Central Area Manager should be contacted at Phoenix House, 3 Goddard Road, Ipswich IP1 5NP. Telephone 01473 341414.

4. **Building Control Note**

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

Babergh and Mid Suffolk District Councils have adopted Community Infrastructure Levy (CIL) charging which affects planning permissions granted on or after 11th April 2016 and permitted development commenced on or after 11th April 2016. If your development is for the erection of a new building, annex or extension or the change of use of a building over 100sqm in internal area or the creation of a new dwelling or holiday let of any size your development may be liable to pay CIL and you must submit relevant documents to our Infrastructure Team telling us more about your development, who will pay CIL and when the development will start. You will receive advice on the amount you have to pay and what you have to do and you can find more information about CIL on our websites here:

[CIL in Babergh](#) and [CIL in Mid Suffolk](#) or by contacting the Infrastructure Team on: infrastructure@baberghmidsuffolk.gov.uk

This relates to document reference: DC/20/03389

Signed: Philip Isbell

Dated: 1st December 2020

**Chief Planning Officer
Sustainable Communities**

Important Notes to be read in conjunction with your Decision Notice

Please read carefully

This decision notice refers only to the decision made by the Local Planning Authority under the Town and Country Planning Acts and DOES NOT include any other consent or approval required under enactment, bylaw, order or regulation.

Please note: depending upon what conditions have been attached to the decision, action may be required on your part before you can begin your development. Planning conditions usually require that you write to the Local Planning Authority and obtain confirmation that you have discharged your obligations. You should read your decision notice in detail and make a note of the requirements placed on you by any conditions. **If you proceed with your development without complying with these conditions you may invalidate your permission and put your development at risk.**

Discharging your obligations under a condition:

You should formally apply to discharge your conditions and the relevant application forms are available on the Council's website. The Local Planning Authority has 8 weeks to write to you after you submit the details to discharge your conditions. You should always account for this time in your schedule as the Local Planning Authority cannot guarantee that conditions can be discharged quicker than this. A fee is applicable for the discharge of planning conditions.

Building Control:

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

Appeals to the Secretary of State

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or consent, or to grant permission or consent subject to condition, they may appeal to the Secretary of State for Communities and Local Government. The applicant's right of appeal is in accordance with the appropriate statutory provisions which follow:

Planning Applications: Section 78 Town and Country Planning Act 1990

Listed Building Applications: Section 20 Planning (Listed Buildings and Conservation Areas) Act 1990

Advertisement Applications: Section 78 Town and Country Planning Act 1990
Regulation 15

Town and Country Planning (Control of Advertisements) Regulations 2007

Notice of appeal in the case of applications for advertisement consent must be served within eight weeks of receipt of this notice. Notice of Householder and Minor Commercial Appeals must be served within 12 weeks, in all other cases, notice of appeal must be served within six months of this notice. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within six months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or online at <https://www.gov.uk/government/publications/modelnotification-notice-to-be-sent-to-an-applicant-when-permission-is-refused>

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he/she will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him/her that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by it, having regard to the statutory requirements*, to the provisions of the Development Order, and to any directions given under the Order. The Secretary of State does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him/her.

2. If permission or consent to develop land or carry out works is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development or works which has been or would be permitted they may serve on the Council of the district in which the land is situated, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Section 137 of the Town and Country Planning Act 1990 or Section 32 Planning (Listed Buildings and Conservation Areas) Act 1990.

*The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70 and 72(1) of the Act.
