Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

The site currently has (alongside the dwelling house) a Barn housing four stables, tack room and storage area and paddocks for grazing of horses. This planning application is for the addition of further equestrian facilities to accommodate my own horses, to be looked after and trained in pursuit of a lifelong pastime. For the training and exercise of the horses, I would like to install a sand menage adjacent to the American Barn.

The application comprises the construction of a 60m x 30m Sand Menage, the extension of the existing Barn by 3.6m to accommodate 2 additional stables, the erection of a storage barn to accommodate hay and bedding (37.8 sq m) and the erection of a circular automated horse walker of 10.9m diameter. The extension of the existing building and the new barn will utilise the same materials to ensure coherence. The siting of the individual elements has been carefully conceived to ensure an optimal and efficient configuration. The automated horse walker is sited to the northern side of the new barn, away from the neighbouring property.

Has the work or change of use already started?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
