This drawing is copyright and was produced to support a planning application. It therefore contains information commensurate to these purposes, drawn to industry standard tolerances. All dimensions should be checked on site and not scaled from the drawing. The originator accepts no liability should this drawing be used by any other person for any other purpose.

Designer Risk Assessment

In addition to everyday tasks that can be undertaken safely by a competent and experienced contractor, note the following:

- Proximity to public highways, neighbouring residential properties, retaining structures and overhead cables/trees
- Unknown underground services may cross the site and may require agreements with the relevant authorities
- All works to be in accordance with The Party Wall Act

- CDM + Building Regulations apply
- Any structure built before 2000 must have an appropriate asbestos survey and report prior to commencement of any works (including demolition and exploratory works)
- Structural Engineer's advice will be needed prior to commencement of any works (including demolition and exploratory works)
