Description of Proposed Works

Please describe the proposed works

Historically there were gates located at the side of the kings head. Many of the locals Who have been here has noted this, there is also a steel post where the gate used to be hung. We have oak gates that were going to be used on my previous property in Ridgewell which got both planning and LBC for the design and aesthetic but due to time and money they never got put up, so we would like to erect these in the place where there was a gate, previously. The gates are in keeping with a number of other gates in the village in terms of design. The posts are also oak. They are not stark and do not detract from the character of the building, they just give a level of safety for my family.

. As we have dogs, chickens and two children it is imperative that there is this safety measure in place, my neighbour opposite witnessed my dog get run over by an oncoming vehicle and we have had 3 men trespass onto our property so far. One of which seems to think it's still a pub and not private property.

As there is still the brackets and post in place we will be putting the gates ina like for like manner in terms of location.

The gates are located in away that a large vehicle can safely park on part of the drive without being on the roadside or kerb, which I am aware will be a key point for highways agency and the planning department, this will mean when the gates are being open/closed manually they can do so on my driveway without interfering with pedestrians or oncoming traffic on the kerb or roadside. Please see images for illustration.

 No

If Yes, please state references for the plans, drawings and/or design and access statement

Please see pictures of the gates that we will be using. They were going to be used on my previous property in the village, Hope Cottage but were never put up due to financial implications, they were granted permission based on design and aesthetic. There is also images of the entrance of the drive to illustrate the sheer size of a pick up commercial vehicle being comfortably parked on the entrance of the drive to enable the gates to be opened and closes, so it will not block the Pedestrian walkway or the road for oncoming traffic.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
