Proposed Planning Application

- No 1. Two storey porch extension to the front of house with inbuilt stairwell for the purpose of gaining access to the upstairs.
(Internal stairs were taken away).
We need this so it applies with planning regulations.

- No 2. Remove and relocate existing garage to the rear.
We will replace where the existing garage was with a timber lodge which meets the requirements of the 1960 and 1968 caravan act.
