

PEACOCK INN
PUBLIC HOUSE

Remove external foul pipes currently
draining to combined surface/foul
system on east side of house. Foul
plumbing to be diverted to foul
system on west side of house.

Existing shrub to be removed

Steps to be removed and replaced
with landscaping as shown on
210. PL06 and 210. P107

Steps to be removed and
replaced with low-level brick
retaining wall and hedge
