Dear Sirs,

I have known Paul & Amanda Lees for 35 yrs.

I formally lived at 59, Dorsford Rd,
Thurston.

As we both had young children we became good friends. Our two sons were both the same age and played for many hours in the garden at Paul & Amanda's home. They built dens in the huge space they had to play in. The large garden was big enough to play football in and Rick Ader's quad bike around. The "Field" as it was called

has always been their extended garden.

Yours Sincerely

Helen Weston.
