Re: The Mulberries, Desford Road, Thurlaston. LE9 7TE

Our family have lived next door to The Loomes family at the above address for 21 years, with us bordering their property as per the attached Land Registry document.

During that time, I can confirm that their land has only been used for domestic purposes.

When the children were younger they used it as a play area with their friends and over the years the space has been utilised for family social events and garden parties, many of which we've had the pleasure of attending.

I can further confirm that the land has never been grazed nor had any kind of livestock on it.

I hope this information is helpful; please don't hesitate to get in touch if you need anything further.

Kind Regards,
