## PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990  
THE TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE) (ENGLAND)  
ORDER 2015

---

### Correspondence Address:

Mrs S Sanlon  
Evolution Town Planning Ltd  
Opus House  
Elm Farm Park  
Thurston  
Bury St Edmunds  
IP31 3SH  
United Kingdom

### Applicant:

Mr A Villar  
Old Rectory  
Norton Road  
Tostock  
IP30 9NU

---

**Date Application Received:** 08-Aug-20

**Application Reference:** DC/20/03364

**Date Registered:** 11-Aug-20

---

### Proposal & Location of Development:

Planning Application. Change of use and conversion of barn into 1no 4-bedroom dwellinghouse.

The Barn , North Of Old Rectory Lodge, Norton Road, Tostock IP30 9NU

---

### Section A – Plans & Documents:

This decision refers to drawing location plan received 10/08/2020 as the defined red line plan with the site shown edged red. Any other drawing showing land edged red whether as part of another document or as a separate plan/drawing has not been accepted or treated as the defined application site for the purposes of this decision.

The plans and documents recorded below are those upon which this decision has been reached:

Survey Plan 1941\_02 - Received 10/08/2020  
Plans - Existing 1941\_01 - Received 10/08/2020  
Defined Red Line Plan - Received 10/08/2020  
Floor Plan - Proposed 1941\_04 - Received 10/08/2020  
Sectional Drawing 1941\_05 - Received 29/09/2020  
Proposed Plans and Elevations 1941\_03 B - Received 29/09/2020

---

### Section B:

Mid Suffolk District Council as Local Planning Authority, hereby give notice that **PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans listed in section A subject to the following conditions:

1. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE:  
COMMENCEMENT TIME LIMIT

The development hereby permitted shall be begun not later than the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004

2. APPROVED PLANS & DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed under Section A above and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard. Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved under Section A, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Reason - For the avoidance of doubt and in the interests of proper phased planning of the development.

3. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE: AGREEMENT  
OF DESIGN DETAILS

No development/works shall be commenced in respect to the vehicle driveway, unless otherwise approved in writing by the Local Planning Authority, until design details, including manufacturer's literature as appropriate, of the proposed driveway materials has been submitted to and approved, in writing, by the Local Planning Authority.

Reason - In the interests of the listed setting of the building.

4. ACTION REQUIRED PRIOR TO FIRST USE OF ACCESS: HIGHWAYS - PROVISION  
OF VISIBILITY SPLAYS

Before the access is first used clear visibility at a height of 0.6 metres above the carriageway level shall be provided and thereafter permanently maintained in that area between the nearside edge of the metalled carriageway and a line 2.4 metres from the nearside edge of the metalled carriageway at the centre line of the access point (X dimension) and a distance of 90 metres in each direction along the edge of the metalled carriageway from the centre of the access (Y dimension). Notwithstanding the provisions of Part 2 Class A of the Town & Country Planning (General Permitted Development) Order 1995 (or any Order revoking and re-enacting that Order with or without modification) no obstruction over 0.6 metres high shall be erected, constructed, planted or permitted to grow within the areas of the visibility splays.

Reason: To ensure vehicles exiting the drive would have sufficient visibility to enter the public highway safely, and vehicles on the public highway would have sufficient warning of a vehicle emerging to take avoiding action.

5. ACTION REQUIRED PRIOR TO OCCUPATION: HIGHWAYS - ACCESS

The vehicular access shall be laid out and completed in all respects in accordance with Drawing No. DM01 and with an entrance width of 4.5m and made available for use prior to occupation. Thereafter the access shall be retained in the specified form.

Reason: To ensure that the access is designed and constructed to an appropriate specification and made available for use at an appropriate time in the interests of highway safety.

6. ACTION REQUIRED PRIOR TO OCCUPATION: HIGHWAYS - ACCESS

Prior to the dwelling hereby permitted being first occupied, the vehicular access onto the highway shall be properly surfaced with a bound material for a minimum distance of 5 metres from the edge of the metalled carriageway, in accordance with details previously submitted to and approved in writing by the local planning authority.

Reason: To secure appropriate improvements to the vehicular access in the interests of highway safety.

7. ACCESS DESIGN

The vehicular access hereby permitted shall be a minimum width of 4.5 metres for a distance of 10 metres measures from the nearby edge of the carriageway.

Reason: To ensure vehicles can enter and leave the site in a safe manner.

8. HIGHWAYS: DRIVEWAY GRADIENT

The access driveway shall be constructed at a gradient not steeper than 1 in 8.

Reason: To ensure that vehicles can enter and leave the public highway in a safe manner.

9. ACTION REQUIRED PRIOR TO COMMENCEMENT OF WORKS TO ACCESS:  
HIGHWAYS - SURFACE WATER DISCHARGE PREVENTION DETAILS REQUIRED

Before the development is commenced details shall be submitted to and approved in writing by the Local Planning Authority showing the means to prevent the discharge of surface water from the development onto the highway. The approved scheme shall be carried out in its entirety before the access is first used and shall be retained thereafter in its approved form.

Reason: To prevent hazards caused by flowing water or ice on the highway.

10. PRIOR TO COMMENCEMENT: SUBMISSION OF A COPY OF THE EPS LICENCE FOR BATS

The following works to convert the barn into 1no 4-bedroom dwellinghouse shall not in in any circumstances commence unless the local planning authority has been provided with either:

a) a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 authorizing the specified activity/development to go ahead; or

b) a statement in writing from the relevant licensing body to the effect that it does not consider that the specified activity/development will require a licence."

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 and s17 Crime & Disorder Act 1998.

#### 11. ACTION REQUIRED IN ACCORDANCE WITH ECOLOGICAL APPRAISAL RECOMMENDATIONS

All mitigation and enhancement measures and/or works shall be carried out in accordance with the details contained in the Ecology Report (MHE Consulting, June 2020), as already submitted with the planning application and agreed in principle with the local planning authority prior to determination.

This may include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW,) to provide on-site ecological expertise during construction. The appointed person shall undertake all activities, and works shall be carried out, in accordance with the approved details.

Reason: To conserve and enhance Protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (Priority habitats & species).

#### 12. PRIOR TO SLAB LEVEL: BIODIVERSITY COMPENSATION AND ENHANCEMENT STRATEGY

A Biodiversity Compensation and Enhancement Strategy for Protected and Priority species shall be submitted to and approved in writing by the local planning authority. The content of the Biodiversity Compensation and Enhancement Strategy shall include the following:

a) Purpose and conservation objectives for the proposed compensation and enhancement measures;

b) detailed designs to achieve stated objectives;

c) locations of proposed compensation and enhancement measures by appropriate maps and plans;

d) persons responsible for implementing the compensation and enhancement measures;

e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details and shall be retained in that manner thereafter.

Reason: To conserve and enhance Protected and Priority Species/habitats and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations

2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

13. PRIOR TO OCCUPATION: WILDLIFE SENSITIVE LIGHTING DESIGN SCHEME

A lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory. All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: To allow the LPA to discharge its duties under the UK Habitats Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

14. ACTION REQUIRED: TIME LIMIT ON DEVELOPMENT BEFORE FURTHER SURVEYS ARE REQUIRED

If the conversion of the barn into 1 x 4-bedroom dwellinghouse hereby approved does not commence within 18 months from the date of the bat survey results in the Ecology Report (MHE Consulting, June 2020), the approved ecological mitigation measures secured through condition shall be reviewed and, where necessary, amended and updated.

The review shall be informed by further ecological surveys commissioned to:

- i. establish if there have been any changes in the presence and/or abundance of bats and
- ii. identify any likely new ecological impacts that might arise from any changes.

Where the survey results indicate that changes have occurred that will result in ecological impacts not previously addressed in the approved scheme, the original approved ecological measures will be revised and new or amended measures, and a timetable for their implementation, will be submitted to and approved in writing by the local planning authority prior to the commencement of the conversion of the barn into 1no 4-bedroom dwellinghouse. Works will then be carried out in accordance with the proposed new approved ecological measures and timetable.

Reason: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

15. ACTION REQUIRED PRIOR TO COMMENCEMENT OF DEVELOPMENT: LANDSCAPING SCHEME

No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard, soft and boundary treatment landscaping works for the site, which shall include any proposed changes in ground levels.

Reason - In the interests of visual amenity and the character and appearance of the Conservation Area.

16. ON GOING REQUIREMENT OF DEVELOPMENT: TIMESCALE FOR LANDSCAPING

All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use or first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and species.

Reason - To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the Conservation Area.

**SUMMARY OF POLICIES WHICH ARE RELEVANT TO THE DECISION:**

CL09 - Recognised wildlife areas  
CS01 - Settlement Hierarchy  
CS02 - Development in the Countryside & Countryside Villages  
CS05 - Mid Suffolk's Environment  
FC01 - Presumption In Favour Of Sustainable Development  
FC01\_1 - Mid Suffolk Approach To Delivering Sustainable Development  
GP01 - Design and layout of development  
H09 - Conversion of rural buildings to dwellings  
H16 - Protecting existing residential amenity  
HB01 - Protection of historic buildings  
T10 - Highway Considerations in Development

**NOTES:**

1. **Statement of positive and proactive working in line with the National Planning Policy Framework (NPPF)**

The proposal has been assessed with regard to adopted development plan policies, the National Planning Policy Framework and all other material considerations. The NPPF encourages a positive and proactive approach to decision taking, delivery of sustainable development, achievement of high quality development and working proactively to secure developments that improve the economic, social and environmental conditions of the area. In this case the applicant took advantage of the Council's pre-application service prior to making the application. The opportunity to discuss a proposal prior to making an application allows potential issues to be raised and addressed pro-actively at an early stage, potentially allowing the Council to make a favourable determination for a greater proportion of applications than if no such service was available.

Babergh and Mid Suffolk District Councils have adopted Community Infrastructure Levy (CIL) charging which affects planning permissions granted on or after 11th April 2016 and permitted development commenced on or after 11th April 2016. If your development is for the erection of a new building, annex or extension or the change of use of a building over 100sqm in internal area or the creation of a new dwelling or holiday let of any size your development may be liable to pay CIL and you must submit relevant documents to our Infrastructure Team telling us more about your development, who will pay CIL and when the development will start. You will receive advice on the amount you have to pay and what you have to do and you can find more information about CIL on our websites here:

[CIL in Babergh](#) and [CIL in Mid Suffolk](#) or by contacting the Infrastructure Team on: [infrastructure@baberghmidsuffolk.gov.uk](mailto:infrastructure@baberghmidsuffolk.gov.uk)

This relates to document reference: DC/20/03364

**Signed: Philip Isbell**

**Dated: 26th October 2020**

**Chief Planning Officer  
Sustainable Communities**

## **Important Notes to be read in conjunction with your Decision Notice**

### **Please read carefully**

This decision notice refers only to the decision made by the Local Planning Authority under the Town and Country Planning Acts and DOES NOT include any other consent or approval required under enactment, bylaw, order or regulation.

**Please note: depending upon what conditions have been attached to the decision, action may be required on your part before you can begin your development.** Planning conditions usually require that you write to the Local Planning Authority and obtain confirmation that you have discharged your obligations. You should read your decision notice in detail and make a note of the requirements placed on you by any conditions. **If you proceed with your development without complying with these conditions you may invalidate your permission and put your development at risk.**

### **Discharging your obligations under a condition:**

You should formally apply to discharge your conditions and the relevant application forms are available on the Council's website. The Local Planning Authority has 8 weeks to write to you after you submit the details to discharge your conditions. You should always account for this time in your schedule as the Local Planning Authority cannot guarantee that conditions can be discharged quicker than this. A fee is applicable for the discharge of planning conditions.

### **Building Control:**

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

## Appeals to the Secretary of State

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or consent, or to grant permission or consent subject to condition, they may appeal to the Secretary of State for Communities and Local Government. The applicant's right of appeal is in accordance with the appropriate statutory provisions which follow:

Planning Applications: Section 78 Town and Country Planning Act 1990

Listed Building Applications: Section 20 Planning (Listed Buildings and Conservation Areas) Act 1990

Advertisement Applications: Section 78 Town and Country Planning Act 1990  
Regulation 15

Town and Country Planning (Control of Advertisements) Regulations 2007

Notice of appeal in the case of applications for advertisement consent must be served within eight weeks of receipt of this notice. Notice of Householder and Minor Commercial Appeals must be served within 12 weeks, in all other cases, notice of appeal must be served within six months of this notice. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within six months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or online at <https://www.gov.uk/government/publications/modelnotification-notice-to-be-sent-to-an-applicant-when-permission-is-refused>

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he/she will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him/her that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by it, having regard to the statutory requirements\*, to the provisions of the Development Order, and to any directions given under the Order. The Secretary of State does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him/her.

2. If permission or consent to develop land or carry out works is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development or works which has been or would be permitted they may serve on the Council of the district in which the land is situated, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Section 137 of the Town and Country Planning Act 1990 or Section 32 Planning (Listed Buildings and Conservation Areas) Act 1990.

\*The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70 and 72(1) of the Act.
