

NOTES

1. This drawing is to be used for planning purposes only and should not be used for construction purposes.
2. Although this is a digital survey the accuracy and amount of detail shown is only commensurate with the physical scale of the mapping as specified. Site should be checked when visiting to verify scales.
3. Whilst every effort has been made to achieve accuracy on this plan CRITICAL clearance dimensions, levels and invert levels should be checked prior to construction.
4. Copyright: This drawing may not be reproduced without permission.
