

Tree removal-replacement proposal

19 The Gardens, East Carlton, LE16 8YG

The proposal is to remove 2 trees with TPO's and 2 others with no TPO's – see drawing 01.

1...blue cedar which is in an undesirable location, has grown all to one side , and has a main branch which is wind damaged and need to be removed as it extends over the public footpath and is a potential danger.

2...silver birch which has previously been pruned by unqualified persons and will never grow to be aesthetically pleasing.

3...a self set downy birch

4...a small willow which is growing adjacent to the protected wall and will probably damage the foundations.

A minimum number of 5 new, quite mature trees of good quality will be planted, see drawing 02.

These to consist of 1...replacement blue cedar, 2...replacement silver birch, 3, 4 and 5 to be hardwoods of walnut, maple and beech or species as recommended by the tree preservation officer.
