Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposal consists of converting the first floor small bedroom into a family bathroom with a shower, basin and toilet.

The room is situated in the west part of the building whereas existing services run along the east, rear part of the Farmhouse. Albeit in the most historic part of the building, the room doesn't present important historic features.

The plumbing routes have been carefully designed to ensure that the majority of fixtures and fittings are surface mounted with minimal impact to the historic fabric.

The water services are to be brought in from the first floor bathroom. The pipework is to be routed along the existing window cill and along the finished floor level, as similarly done on the north side of the building. Aside from the necessary perforations through partition walls, the pipework is to run on surface and boxed in.

The waste pipe is to be routed into Bedroom 2 and across to Bedroom 4. These rooms are at a lower level in relation to the bathroom, the waste pipe is to run along the floor level with suitable drop and boxed in. The waste is to exit through the rear elevation by the existing BT connection and join into the existing soil stack.

We also propose to discretely fit a conservation style wall vent in the west elevation to service the new bathroom.

Internally, all alterations are intended to be reversible with minimal impact to the historic fabric of the building. Whilst these modifications are aimed to improve the living arrangement of the dwelling, we feel that the proposed alterations don't affect the special interest of this listed building and are consistent with its conservation.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
