Description of Proposed Works

Please describe the proposed works

Replacement of two velux windows on the rear of the property, the replacements for both windows would be small pitched roof dormers, extending the existing stonework to create 2 small gables, the windows would be 900mm tall x 1200mm wide and the pitched roof would be a further 900mm above.

These would replicate the 3 dormers on the front of the building, and enable the rear bedroom and bathroom to be of a more useable layout,

Both proposed dormers are on the 1st floor

I spoke with both neighbours behind us and they did not raise any objections

Details of the pre-application advice received

I was informed that yes it would need planning as it was in view of a public right of way (barely in view you would have to leave the path to see my property) he thought planning would be granted dependent on neighbours.

I have spoken with my neighbours who seemed quite happy with the proposed window change.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
