I note you have calculated the 3 metre extension from the rear wall of the existing garage. However, this part of the dwelling is being demolished and therefore the measurement should come from the original rear wall of the dwelling. If the garage was to remain, you could extend from that original wall by 3 metres. Therefore, the proposed extension should extend no more than 3 metres from the rear wall of the dwelling.

Should the height of the flat roof be reduced to 3 metres together with the reduction in length of the extension from the rear wall of the dwelling to 3metres, then the works will fall within permitted development.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
