Description of Proposed Works
Please describe the proposed works
Installation of solar panels on the garden-facing barn roof as shown in the contractors sketch (layout.pdf) on the existing roof (see also front view.jpg). The roof has been surveyed and found suitable for the panels shown. The roof faces the large garden and will be unable to be seen from the adjoining footpath; nor will it be visible from Craft Way or Hay Street. We are keen to make our personal contribution to climate change mitigation, so request your approval for this small installation. Clearly since this is an addition to the roof, it is removable should a future owner so wish.
