Subject: Listed Building Application for a Weathervane on Thriplow Smithy
Attachments: Thriplow Smithy - Listed Bldg applic..pdf; Smithy with weathervane superimposed.pdf; weathervane - manufacturers details.pdf; Smithy - location plan.pdf

Dear Sirs,

I attach an application for Listed Building Consent for the addition of a weathervane to the existing listed Smithy located on Thriplow village green. Attached are:-

The completed application form
A photograph of the Smithy on which the proposed weathervane has been superimposed
The manufacturers details of the weathervane
A Location plan

I did speak informally to the Conservation department on this proposal and would confirm that there is no evidence that there was previously a weathervane in this location and was advised that such an element would not be entirely inappropriate in this rural location.

The Smithy is owned by the parish council and the Thriplow Society have asked for the parish councils permission to install the proposed weathervane. The request was discussed at a recent parish council meeting and the parish council agreed to the proposal and were happy that we should proceed with this application. I also confirm that notification of this application has been delivered to the parish clerk.

Should you have any queries on the application please don't hesitate to contact me.

Regards,
