Conclusion Having considered the content of your enquiry, I can summarise that the principle of the development may be acceptable. The proposals would provide an additional tourist facility within the town of Newbiggin by the Sea, ultimately increasing footfall and providing an ancillary facility upon the promenade. The applicant should ensure that the loss of open space is addressed as part of a future planning application and that matters raised by consultees are appropriately addressed
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff
(d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
