GL7 1PX

Dear Sirs

**Proposed De & Re-Construction of Ashlar Chimney Stack at
The Stables, Turkdean Manor, Turkdean, Cheltenham, Gloucestershire, GL54 3NU**
(Planning Portal Ref: PP-12140390)

Please find enclosed a listed building application in respect of the above.

Whilst this is an extremely straightforward application, in the interests of expediency in permitting commencement of the works, we would kindly ask if any additional information warranting conditional approval is required, that this is discussed and satisfied within the context of the application and prior to determination, obviating the need for a subsequent discharge of condition application and the associated timescales.

We believe that the enclosures are self-explanatory; however, should you have any queries, please do not hesitate to contact us prior to determination.

Yours faithfully

NEIL GOLDING for GOLDINGS
