Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Firstly replacing front door and frame, as the front door fits poorly and offers little insulation. See attached photos of the existing front and back door. Wish to replace it with hand build double panelled oak door. See attachment photo of proposed door and door furniture.

Secondly replacing one window and frame as frame has rotted and a pane of glass cracked. See photos of front and back of existing window. A new hand made wooden window frame matching the existing design will be made. The double glazing will be replaced with the same thickness of heritage glass. The window latch will be similar to the existing one but with a lock included. The modern window lock will be removed.
