

Sustainability Statement - minor applications

Sustainability standards	Yes	No
A Net zero carbon		
I. Has the building fabric been designed to standards of ultra-low energy demand?		•
2. Has thermal comfort and the risk of overheating been assessed and passive design measures been prioritised?	•	
3. Is the development fossil fuel free?	•	
4. Will a net zero operational carbon balance be achieved and 100% of energy consumption delivered using renewables?		•
5. Will embodied carbon emissions be minimised?	•	
B Travel		
I. Is home working supported?	•	
2. Has active travel been prioritised?	•	
3. Is shared mobility facilitated?		•
4. Will electric vehicle charging infrastructure be provided?	•	
C Water		

Ι. '	Will water consumption be minimised?	•	
2. '	Will water be conserved through rainwater harvesting or grey water recycling?		•
	Has the flood risk assessment accounted for climate change and is sustainable drainage proposed?	•	
DV	Vaste		
	Will the construction company be registered with the Considerate Construction Scheme?		•
	Will a Site Waste Management Plan be followed and targets set for construction waste recycling and disposal?	•	
3. '	Will there be safe and convenient access to waste recycling?	•	
ΕV	oluntary sustainability standards		
Ι. ΄	Will non-domestic development be BREEAM certified?		N/A
	Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?		N/A
			<u> </u>
FO	only for development affecting heritage assets or traditional buildings		
	Have the heritage value of the building(s) and impact on any heritage asset been appropriately assessed?		N/A
			<u> </u>
2.	Is a whole building approach being taken?		N/A
3. '	Will responsible retrofit measures be adhered to?		N/A
