This is to remind you that we are awaiting a response to our letter sent to you on 23/05/2023. At present we are still unable to register the above application for the following reasons:

- Does not appear to clearly identify or specify all the tree works. Your application contained an amendment referring to the fell of 2 x *Leylandii* and as you mention other trees are listed on the application; are these trees to be included or not? You will need to email your exact requirements for this application so that we can have a clear application. <https://www.scambs.gov.uk/planning/natural-historic-and-built-environment/natural-environment/trees-hedgerows/invalid-tree-work-notifications-and-applications/#A7>

Your application will not be registered or formally acknowledged until receipt of the above. We regret that this will inevitably delay determination of this application. If the above has not been received by the **21/06/2023** the application and supporting documents will be cancelled/returned to you and any fee paid refunded.

Yours sincerely
Jan Ashley-Fenn
