## **Sustainability Statement - minor applications**

Su	stainability standards	Yes	No			
A Net zero carbon						
1.	Has the building fabric been designed to standards of ultra-low energy demand?		no			
		1	_			
2.	Has thermal comfort and the risk of overheating been assessed and passive design measures been prioritised?	yes				
3.	Is the development fossil fuel free?		no			
4.	Will a net zero operational carbon balance be achieved and 100% of energy consumption delivered using renewables?		no			
5.	Will embodied carbon emissions be minimised?	yes				
В 1	ravel					
1.	Is home working supported?					
			N/A			
2.	Has active travel been prioritised?		N/A			
3.	Is shared mobility facilitated?		N/A			
4.	Will electric vehicle charging infrastructure be provided?		no			
C۷	Vater					
1.	Will water consumption be minimised?		N/A			

Sustainability standards		Yes	No			
Will water be conserved through rainwater harvesting or grey water recycling?						
			no			
B. Has the flood risk assessment accounted for climate change and sustainable drainage proposed?						
			N/A			
E Waste						
1. Will the construction company be registered with the C	onsiderate Construction Scheme?		no			
Will a Site Waste Management Plan be followed and tal recycling and disposal?	gets set for construction waste	yes				
3. Will there be safe and convenient access to waste recyc	ling?	yes				
E Biodiversity						
1. Has a Biodiversity Self-assessment Form been submitted	d?	yes				
2. Has an Ecological Impact Assessment (EcIA) report and	checklist been submitted?		no			
3. Will a European site be affected?			no			
4. Has a Biodiversity Net Gain (BNG) Design Stage Report I	peen submitted?		N/A			
5. Will the wider environmental benefits from nature be n	naximised?		N/A			
F Voluntary sustainability standards						
Will non-domestic development be BREEAM certified?			N/A			

Sustainability standards		Yes	No			
2.	Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?		no			
G Only for development affecting heritage assets or traditional buildings						
1.	Have the heritage value of the building/s and impact on any heritage asset been appropriately assessed?	yes				
2.	Is a 'Whole Building Approach' being taken?	yes				
3.	Will Responsible Retrofit measures be adhered to?	yes
