NMA 1 - The approved elevations indicated 'timber cladding'. The applicant proposes a substitute of wood effect composite cladding, similar to Pura "Western Red Cedar".

It is an important principle of decision-making that the process is open and transparent.	
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.	
Do any of the above statements apply?	
○ Yes ⊙ No
