Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

To convert part of our house into a coffee shop and essentials store. There would not be any change to the structure of the building. The entrance to the shop would be our existing front door and we would plan to refurbish the two rooms either side. We would put up a shop sign on the building outside that would be in keeping with the character of the building and village.

The room on the right would include a counter for serving coffee and other beverages. There would also be a fridge and shelves containing convenience items. There may be space for one or two tables in this room. The room on the left would have approximately four tables. We also plan to include a small play area for children, with some toys and books.

We are proposing a coffee shop rather than a café, so we would not plan to offer a food menu with meal selection. The following items would be available:

- Coffee, tea and other beverages
- Croissants, other pastries and cakes
- Pre-made sandwiches and light snacks (e.g. crisps)
- Food Essentials (e.g. milk, water, bread, fruit, eggs)
- Non-Food Items (e.g. newspapers, envelopes, stamps)

We expect a high proportion of customers to walk or cycle from the village or nearby, but there is also room for three cars to park on the street directly outside the property, without obstructing traffic.

Benefits for the Village:

- A place for the community to gather and socialise
- Somewhere to buy essentials without having to drive
- A room that could be hired out for private meetings
- Reviving the tradition of a shop in the centre of the village

We have already put forward the idea at a Parish Council meeting and the reaction was very positive.

Has the work or change of use already started?

- Yes
 No

Existing Use

Please describe the current use of the site

Residential. However the same two rooms were used for commercial purposes by the previous owners as a physiotherapy studio and waiting room (until they moved out in August 2022). We also understand the building was historically a shop (Roy's) for many years.

Is the site currently vacant?

- Yes
 No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
