Hi Will,

Thank you for sending the letter report across (Brindle & Green Ecological Consultants Ltd, 09.12.22). It's good to see updated surveys have been carried out, with required mitigation added to the site design - in accordance with Condition 7.

Based on the information provided, it is recommended that Condition 7 be discharged.

Please do not hesitate to contact me if you have any questions.

Kind regards,

Eleanor Sorfleet | Senior Countryside and Ecology Officer

Hi Eleanor,

Following your comments on 17<sup>th</sup> April, see below and attached, looks like somehow the original report relating to Condition 7 was not indexed. Would you like me to send through a formal consultation request or are you happy to look at this from this email?

Thanks,  
Will

Hi William,

Just checking if the attached has been passed to the Council's ecologist Eleanor Sorfleet?

Regards

Liam Toland

**Subject:** Condition 7

Hi William,

I am just picking up on consultation responses received to date and I note from the ecology response with regards condition 7 that the attached wasn't available to the Council's ecologist Eleanor Sorfleet to review. This was submitted via the Planning Portal but note that it hasn't been uploaded to the Council's portal.

I'd appreciate if you could share the attached with Eleanor Sorfleet for review and comment.

Regards

Liam Toland
