Planned works

Please describe the nature of the planned works

Application for change of use for existing garage so can be changed into a habitable building to create an annex for my elderly mother.

We have large garage that up until approximately 10 years ago was the existing house to our estate. Planning was granted to build a new dwelling and the existing house was turned into a garage. We would like to convert this garage back into a habitable Annex. The building would be exactly the same as existing with the re addition of first floor dormer windows.
My mother currently lives in Yeovil so too far away for us top provide any sort of day to day assistance which she is becoming more reliant on.

Address of the planned works
