Details of the pre-application advice received

The proposed outbuilding would be 9.96x7.63 in area and would be located in the southern corner of the application site. It will be physically separated from the listed building and listed building consent will therefore not be required. The outbuilding will require planning permission as it is located within the curtilage of the listed building.

In terms of acceptability of the outbuilding, the proposed siting of the outbuilding is considered to be appropriate to the context of the application site. Elevational details should be submitted at application stage specifying the height of the outbuilding relative to the main dwelling on site. With regard to materials, the building should be constructed using timber. It is suggested that dark-stained timber would reduce the prominence of the building and a traditional design, such as the use of feather edge weatherboarding with a pitched roof may sit better within the context of the application site.

Declaration

I / We hereby apply for Approval of details reserved by a condition (discharge) as described in this form and accompanying plans/drawings and additional information. I / We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine options of the persons giving them. I / We also accept that: Once submitted, this information will be transmitted to the Local Planning Authority and, once validated by them, be made available as part of a public register and on the authority's website; our system will automatically generate and send you emails in regard to the submission of this application.

I / We agree to the outlined declaration
