Dear Steven,

**Hempland Primary School, York**

Further to our latest correspondence we are able to confirm that STRI will be undertaking our site visit and investigations on 13<sup>th</sup> July. We will then produce our report within 3 working weeks (approximately 3<sup>rd</sup> August) which you can submit ahead of or post validation, to the planning officer, and it should be able to be considered within the initial 4 week consultation period without losing any time on the planning application determination process.

Yours sincerely

**Mark Murphy**  
Design Consultant
