The advice was provided during a FUL application. Callum, following a full consultation period stated that the proposal would need to reduce in massing from 1 1/2 storey to a single-storey building so as to not impact on the surrounding conservation area. Once these changes were implemented the proposal could be supported. Callum also stated that the application would require a revised site boundary to include access up to the public highway. Callum stated that this should have been flagged up at validation so apologized for the inconvenience, but stated that the application would need to be resubmitted but it would be free. Due to the delay this has caused he would endeavor to process this application as quickly as possible. **Authority Employee/Member** With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority. # Certificate Of Ownership - Certificate C

I certify/The applicant certifies that:

- · Neither Certificate A or B can be issued for this application
- · All reasonable steps have been taken to find out the names and addresses of the other owners (owner is a person with a freehold interest or leasehold interest with at least 7 years left to run) of the land or building, or of a part of it, but I have/the applicant has been unable to do so.

The steps taken were:

Appointed a solicitor to locate the owner through Land Registry. This didn't yield any results, but from looking through the old development deeds it is suspected that the owner of the access is the original developer of the site. I have/the applicant has given the requisite notice to the persons specified below being persons who, on the day 21 days before the date of this application, were owners/agricultural tenants of any part of the land to which this application relates.
